

Page Creator Tip #4: Getting an Account

First and foremost, you must have a Gmail account in order to access Google Page Creator. If you do not have a Gmail account, go to http://Gmail.com and follow the instructions to sign up for one. If you need an invitation, please email me, and Iâ??ll send you one.

If you already have a Gmail account, you are in luckâ?¦almost. Navigate to either of these pagesâ?¦

http://GooglePages.com
http://pages.google.com

â?¦and it will bring you to a login screen. I said "almost" because Google has been limiting new accounts due to overwhelming response. If you do gain access, you are all set. If not, please be patient, as this is still betaâ??you will eventually be granted access.

Thatâ??s it! Once you login, you see the Page Manager screen where you manage your pagesâ?¦but thatâ??s for another Tip!
